

MODEL A FORD CLUB of VICTORIA

Reg. # A 0004008Y

INVITES YOU TO ATTEND THE

Celebrating

the 21st National Meet in Australia

35 years of the Model A Ford Club of Victoria

80 years of the Improved A

Visit our Island State for a fantastic National Meet

Located off the south east corner of mainland Australia is the State of Tasmania. The island is 364 kilometers long from the northernmost point to the southernmost point and 306 kilometers from west to east. With a population of just 483,000 it is an island of uncrowded towns, undeveloped coastlines, misty mountains and lush green valleys.

Tasmania's geology is evidence that it was once connected to Antarctica. It is one of the world's most mountainous islands with peaks that are unique in their serrated profile.

Climate in Tasmania is mild with an average summer temperature of 70°F. Nights throughout the year are cool and the air is the cleanest in the world. Rainfall patterns vary dramatically from west to east.

Launceston, the centre for our National Meet is situated in Tasmania's north, surrounded by rolling green hills of productive farmland and picturesque vineyards. Nestled on the banks of the Tamar River, it is Tasmania's second largest city, with a population of just 98,500.

A relaxing National Meet program is planned with activities for everyone -

- ✓ Tours - walking and vehicle
- ✓ A day of fun and games for all ages
- ✓ A gala Presentation Dinner
- ✓ Concours judging
- ✓ Coach tours to more distant locations
- ✓ Free timeand much more

**JOIN US FOR THIS SIGNIFICANT EVENT AND
THEN TOUR TASMANIA**
